

Deer Hunting Permission Policy

Pellston Middle/High School will permit students one (1) day of absence for the purpose of deer hunting at some time between October 01 and November 30 provided the following criteria are met:

1. Parent, guardian, or adult status student must sign the permission form below.
2. The student requesting permission must return the completed form to the high school office at least 24 hours in advance of the day requested.
3. The student must also present to the office his/her hunting license as evidence that in fact a license has been purchased.

The day of absence will be recorded in attendance books as an “excused” absence with parental permission. This means that student will be permitted to receive credit for missed work provided it is turned in as per teacher make-up policies. Any other days of absence for hunting that are not granted via this procedure will be “unexcused” with no credit for work.

I request that _____ be allowed the

Date of _____ for deer hunting.

I understand that this is an “excused” absence with Parental Permission.

Signed _____
(Parent, guardian, or adult status student)
